

Philips Dynalite control

Mobile App

Intuitive mobile interface

The new Philips Dynalite control app is available for iOS. It provides intelligent mobile control of the Philips Dynalite system in both residential and commercial applications.

Wrapped in a modern and intuitive user interface, this app allows you to manage scenes, control individual channels and apply schedules.

Philips Dynalite control Mobile App

Intuitive mobile interface

- **Plug-and-play** – Connect the mobile app to the Philips Dynalite system and it's ready to use.
- **Scene management** – Recall and edit pre-defined lighting scenes and control individual lighting channels.
- **Scene scheduling** – Trigger lighting scenes based on a schedule.
- **Simple connection** – Connect to the PDEG (Philips Dynalite Ethernet Gateway) through your local Wi-Fi network.
